

PUBLIC INFORMATION ON THE MARKET RISK EXPOSURE

As of 30 June 2023

Publication and Control of the Market Risk Exposure

In accordance to the provisions of Chapter 12-21 of CMF's Compendium of Standards and Chapter III.B.2.2 of the Compendium of Standards of the Central Bank of Chile, China Construction Bank, Agencia en Chile reports to the public the following information about its exposure to market risk as of 30 June 2023.

Market Risk Policy

The methodologies for the measurement, control and reporting to eventual losses due to adverse changes in interest rates, in the local currency value of foreign currency or in indexation units to which China Construction Bank Chile's balance sheet, in terms of assets and liabilities, is exposed, are clearly described in the Market Risk Policy approved by the Executive Committee of China Construction Bank Chile.

The objective of this policy is to monitor at all times the solvency of the Bank, both in normal and contingency conditions.

In the management of market risk, China Construction Bank Chile uses the standard model in order to measure its exposure to market risk, in accordance with the provisions contained in the Standards of the Central Bank of Chile and CMF.
